Run Log			X	
Case Narrative				X

Notes:

*Chromatograms are automatically included for 8100 (mod.) Level II reports.

**PC indicates Presumptive Certainty as described within the Massachusetts DEP Data Enhancement Policy and Compendium of Analytical Methods (CAM).

Pre-project documentation including Eastern Analytical, Inc. SOP's, QA/QC document and Qualification document are available upon request.

Sample matrix QC such as matrix spikes and duplicates are not specific to any delivery group. Running sample specific matrix QC must be requested in advance and will be billed as individual samples.

Prices vary for each data deliverable package.

<u>Package</u>	<u>% Surcharge</u>
A	0
B	0
C	10%

There will be an additional charge of 20% to upgrade to a higher level QC package after all work has been completed.

Please select your Data Deliverable Package need on the Chain of Custody.
